Konsulent KH	**Kandidatprofil**

Titel	Senior Consultant
Born	1956
Civilstand	Married

Personalprofile

The candidate is a professional, well educated and with a lot of humour. The candidate quickly gets an overview of the customers' situation and is known as a trouble shooter.

When solving a task he always looks for different solutions, so he together with the customer can find the best solution.

The candidate's relationship with colleges and customers is always friendly and he has no problem in sharing his knowledge with others.

The candidate is well known in the SAP market in Denmark. First of all through customers, secondly as an instructor for SAP Danmark.

Professionally his interests are analyzing, designing, developing and testing all kinds of applications. The candidate has worked with SAP R/3 Basis and abap/4 since 1994, programming all kinds of interfaces, desktop-integration, online, data dictionary and Sap scripts.
